## Surface textures

The texture makes a big difference to the overall look and feel of a worktop, helping to create a realistic replication of the natural material. These 9 textures are available within the range.

## Worktop accessories

**Splashbacks** cover the full wall from worktop to cabinet creating a highly effective design statement. The perfect alternative to tiles.

**Upstands** are an affordable and effective way to complete the worktop installation. Continuing the design from worktop to wall with a shallow height border as shown on the front cover.
