PerfectSense

Matt & Gloss Collection
2017–2019

U636 PM Fjord Green

PerfectSense

PerfectSense is a premium collection of high-gloss and matt lacquered MDF board, which provides an upmarket and on-trend finish. These luxury surfaces create an air of exclusivity in both residential and commercial spaces across a variety of different decors. The unique UV coating makes them micro-scratch resistant and robust, ensuring they look good for longer.

As the demand for contrasting finishes grows, the popular combination of matt and gloss surfaces can be achieved with the help of the PerfectSense collection.

The Meyer PerfectSense collection is comprised of decors with both matt and gloss finishes. In addition to the standard collection, eight new matt boards and eight new gloss boards have been introduced by Meyer.

PG

PerfectSense Gloss

PerfectSense Gloss is characterised by its exceptionally smooth and deep reflective finish.

PM

PerfectSense Matt

The warm and silky feel is combined with high resistance and anti-fingerprint properties to provide a high quality, matt finish.

PerfectSense Matt

PerfectSense Matt features a warm, velvety surface with anti-fingerprint technology, avoiding smudges and smears. The muted, on-trend, colour palette helps bring an understated and high value finish to an interior. Comprising 18 PerfectSense Matt decors, the Meyer PerfectSense collection features eight new decors to offer more choice and flexibility when planning a project. The new decors are shown below.

PerfectSense MDF boards are available from Meyer in standard sheet size of 2800 x 2070 x 19 mm. They are all held in stock and available for next day delivery.

PerfectSense Matt is also available for all existing decors in a laminate format, sheet size 3050 x 1310 mm, which enables efficient utilisation, limited wastage and cost effectiveness.

Matching ABS edging is available for each decor in a variety of thicknesses and widths. It replicates the decor's design, texture and gloss level to ensure a seamless finish. In addition to matching edging, a range of accent edging is also available, adding value to the finished product, elevating the design even further.

For samples and prices please contact the Meyer team.
